DAVE DURENBERGER

#16

February, 1993

Dear Friend:

Thanks very much for contacting my office regarding S.429 -- "The Public School Redefinition Act of 1993."

This bi-partisan proposal -- authorizing start-up grants for charter public schools -- was introduced on February 25 and has been referred to the Senate Labor and Human Resources Committee where it will be considered in the context of more comprehensive education reform legislation yet-to-be proposed by the Clinton Administration. A companion bill -- H.R.1113 -- was introduced the same day by a bi-partisan group of Representatives headed by Reps. Dave McCurdy (D-OK) and Tom Petri (R-WI).

Attached is a copy of the bill as printed in the Congressional Record, and other background information on this proposal and on charter schools.

Should you have questions about either S.429/H.R.1113 or federal education legislation in general, please contact Jon Schroeder in my Minnesota office at 612-370-3382.

Sincerely,

DAVE DURENBERGER
U.S. Senator

DD/js/att.
