Subject: Carpenters

Gary:

Jim Kelly, Carpenters Dist. Council, 482-1905, came into our office Friday to express J.D.'s concern about Charter Schools. J.D. main problem was with the term "charter" and related it to Charter Cities that don't have to pay prevailing wages. I told him I didn't think Charter Schools were a take-off from Charter Cities. He also expressed concern about other employment practices. I told him I would check and get back to him.

Jim has great trust in you and believes you will always look out after employees/unions etc. J.D. on the other hand, is not as trusting, and I get the feeling is always on the lookout for suspicious action on anyone's part.

I called Sue Burr and she faxed me the Question and Answers on Charter Schools and I read the section on Employee Practices. I could call them myself, but I thought you would be the best one to call and explain in detail about the bill.

Additionally, you will be meeting with them on March 6 for breakfast, so they will probably bring it up then as well.

thanks.....
