SB 1264, HART

SUPPORT

The Honorable Gary Hart
Senator, 18th District
State Capitol, Room 4074
Sacramento CA 95814

Dear Senator Hart:

Our staff has reviewed your SB 1264 relating to Charter Schools as introduced January 3, 1994.

This is to state that we support the bill.

Lifting the 100 charter school limit statewide makes sense, we believe, in providing school district options relating to charter school status. Similarly, an appeals procedure after five-years operation for charter schools is timely and appropriate.

Sincerely,

John Lockhart
Legislative Advocate
